INTRODUCTION

FAST was established in 2018, we have specialized in fabricating quality round, rectangular, and oval HVAC ductwork directly to residential and commercial job sites across all cities and provinces in Cambodia. No job is too big or small, nor too far for FAST. FAST has one of the largest, fully automated duct fabrication machines capable of producing over 2,000 sqm of duct and fittings per day. Fast also has been actively supply quality firefighting pipe, pipe fittings, and accessories with UL FM approval products.

VISION

“To be a one-stop shop for high-quality Ducts and
Firefighting pipes and fittings”

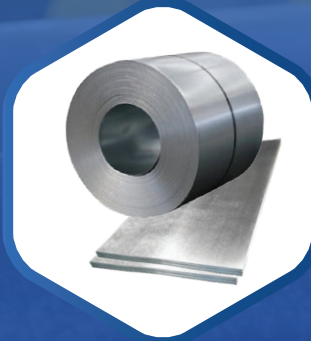

“FAST will provide Quality Products and Service to its Customers, a rewarding environment for all Employees, and encourage a sense of shared responsibility with our Community.”
